NOTICE OF EXTENSION DATA CENTER MORATORIUM

Please be advised that the Township Board, at its regular meeting held on November 10, 2026, approved an extension of the previously adopted Data Center Moratorium.

The original six-month moratorium has been extended for an additional six (6) months and will remain in effect through May 12, 2027, unless otherwise modified or extended by the Township Board.

This extension continues the existing moratorium while the Township reviews matters related to potential data center development within the Township.

For additional information, please contact the Township Office.
